

Name: Jeanne Abundis

Company: KPMG, LLP
Job Title: Partner, Audit

Fun Fact about you:

When I was a kid, I would record (on the VCR) music videos, so that I could memorize the dance moves, and then I would perform them for my family.

What's been your favorite Women's Initiative moment?

It's hard to select one moment because the relationships I've built in the Women's Initiative have all been amazing and inspiring. However, at last year's final event held at the Houston Zoo's Galapagos Islands exhibit, I built a special relationship with....a sea lion. As I was speaking to our amazing members, this one sea lion kept chiming in to join the discussion. That was such a fun and special event.

What keeps you giving to United Way?

United Way of Greater Houston is continuously monitoring the changing needs of our community and seeks to help our neighbors thrive and not just survive. I believe they are the backbone of the Greater Houston community, and I will keep giving to support Houston.

What event could you medal in, if it were an Olympic sport?

Speed reading. I read on average a book a week. Lately, I've been listening to one book in the car and reading another book on Kindle, so I'm increasing my average!
